Vous pouvez trouver ça à propos de: Oktober War. Dans ce document, c'est l'historien, Solow-Petrow, qui est à l'origine de la notion d'une "possibilité d'aggravation" du conflit, en tant que fonction de la politique russe. Il a décrit cette possibilité comme une sorte de game-theory, en disant que le conflit serait entraîné dans une spirale par des "interventions successives et rythmées" présentant un "rythme établi". Ce que, précisons-le, n'est pas assez clair pour le monde militaire "civilisé", car la spirale est considérée comme une sorte d'anticipation du conflit : les "interventions successives" n'ont pas, en vérité, pour effet de provoquer une confrontation, mais de limiter l'utilisation de la force économique à sa maximum efficacité, et donc de forcer les parties en conflit à se "décider" à la suite, tout en étant étourdis par les "interventions successives". C'est ainsi que, dans le cas de l'espagnol, la batal
