- Encounter puzzles to solve
- Find new ways to use portals
- Choose your own paths through an impressive visual landscape
- Communicate via radio with the test subjects
- Decide your own ending with various endings and endings
- Discover new mechanics never before seen in the original campaigns!
- Collect clocks to unlock alternate endings and funny little jokes!

In this fantastic sci-fi blend, you come across a mysterious journal that details the story of a key early development in the 22nd century. Written by a man who spent his life as an engineer, he recounts a strange alternate version of the future that completely transformed the game industry. New mechanical paradigms were developed, new consoles were created, and new principles governing our work were described for posterity. WHAT IS IT? Aperture Laboratories is the setting of the story. This place will remind you of the works of Ridley Scott and Tobe Hooper. THE MISSION I played this game for several hours. The game starts with

you waking up in a strange building. You don't know where you are and you can't move. A mysterious old woman approaches you and asks you if you are ready to discover the "center of the world." It seems she is a prodigy whose studies have brought her to the final portal that leads to the center of the world. Because you are in a coma, you're forced to go to the center of the world as you are. **YOU HAD BETTER GET READY** As soon as you arrive at the center of the world, you can start to play. You will find the portal to your room, and from there you can head up through the mountains to get back to the surface. You will find many interesting discoveries along the way. There will be new things you have to solve. On your way up you can begin to collect clocks. **THE KEY** When you're ready, you can enter the "Center of the World" to find a mysterious man. He has the key. The key will open the building you are in, and the same building where you found this journal. You will also find various clues to follow. They will take you to one of the "levels" you have to explore. These levels all have a different key. If you find the right key, you can continue on to the next level.

By: Marisa Silverstein, Worthy Life is hard. It's why god made this here earth. Follow the guys who go through it until the end of the credits. Only then is it worth watching.... Anna's Quest: Episode One (2012) Directed By: Shawn Gann Written by: Holly Hervey Starring: Stacia McKinney, Doug Roberts, Tony Mayday, Cody Rhodes, Tab Benoit Score: 69% - Mixed

Anna's Quest is an effective poke at the whole "man's best friend" thing. Sure, we know that dogs fill a lot of needs. But most people would be happy doing that work if the dog could keep his mouth shut, stop shoving his head in between a human's legs and start earning his keep as a well-trained guardian. Sex on a train, sex in a car, sex in a cab, sex in a plane (with hot legs) and sex on a boat. Each of these sex scenes was conceived and executed so well that it earned the episode an average score of 73/100. The parts that did miss the mark were some of the best at making fun of the whole "sex on a train" craze. The "Cab" Gang F*ck While Mark's Life Is On The Line Sex on the Train: 68% Sex in a Cab: 88% Sex on the Plane: 88% Sex in a Boat: 66% Sex in a Car: 71% Sex in a Train: 75% Sex in a Plane: 76% Sex in a Car: 75%

The insults and the whooshing images of peckers flying everywhere were razor-sharp and snappy. The sex scenes were mostly spectacular, an observation especially fit considering that the episode is inspired by the movie Dirty Dancing. Anna was lured into going on a romantic train ride and she got more than she bargained for. She found out that a couple of the men on the crowded train were basically Anna's dates. Because she didn't know the pickup was a setup until it was too late, it was easy for us to root for the guys who rescued her from her menopausal dilemma. See the heartwarming moment here. Meanwhile, a

Deadlands Reloaded: Coffin Rock (Deadlands Reloaded: The Undead West) is a conversion of the award-winning Savage Worlds Deadlands 2nd Edition ruleset for Fantasy Grounds for use with the Savage Worlds v3 rules. While the rules remain valid for use with both Deadlands Reloaded and Deadlands Original Edition, the Savage Worlds v3 Ruleset is recommended for users of the game. The Nameless Legion returns in Coffin Rock, Colorado. When the Legion players started their quest for vengeance, everyone assumed they were dead. Then they showed up at Coffin Rock! Well, just about everyone, anyway. The Legion was, as usual, led by the infamous Goblin King, who had discovered the secret to eternal life in the form of a mysterious little town in the middle of the American Southwest. This so-called the Tomb of Dreams, where strange powers are said to be at play. The locals were not so happy, and the wicked souls that lingered were pretty much angry with one another. They almost never get along. The Legion was an "organized" gang, with its own leader, rank, hierarchy, and its own special customs and traditions. Ghosts made a

lot more sense around Coffin Rock, anyway. Why were they still dead? The townspeople of Coffin Rock were not going to stand idly by while the Legion tried to take over! Time for a showdown. Vengeance, and a whole lotta crazy!

Deadlands Reloaded: Zombie Island of Dr. Ned A dark zombie mystery on the exotic island of Roovena! The legend goes that one day, after a minor scientific find, the Brazilian island of Roovena was "discovered". It was linked to the mainland via a barely explorable tunnel. No one has been back to Roovena since. But then, how long would it take for anyone to discover the Zombie Island of Dr. Ned? Deadlands Reloaded: The Beginning Halloween Just Got 100% Deadlier! It's October 31st in Deadlands. Set down your pumpkin beer, cue the tape deck, and grab a bite to eat before you head out to the party. Every year, on the night of Halloween, Deadlands transforms itself! What starts as a harmless out-of-town bacchanal turns into a night of unspeakable horrors and ungodly debauchery. Let's go ghoulish!
