The Player Impact Engine also introduces the Player Impact Collision (PIC) System, an innovative AI technology that drives player collisions in the game. The PIC System dynamically models the behaviour of players and crowds in ways that better reflect the reality of the game, and is also designed to be even more in-depth and realistic than ever before. Real Madrid forward Gareth Bale, attacking the ball during his team's UEFA Champions League match against Liverpool on March 17 in Cardiff, England. Front to back, top to bottom, players and teams must play the real-life game in a

championship-style format. They must attract fans, fans must watch on TV, but they must also rise in popularity and have a real impact on where the team is going. Players can also choose to go professional and make the leap to the top flight of European football, or represent their country in the 2018 FIFA World Cup™. FIFA 20 introduced the FIFA Ultimate Team franchise to the FIFA video game series, and FIFA 21 will introduce the “Virtual Pro” mode. FIFA 20 introduced a new match engine, with dynamic crowds, player integration, immersive touchline view and more. More than 50 pro teams, 20 leagues, and 1,200 real players – men and women – from all around the world are available to play and build your Ultimate Team. From long-time World Cup winning teams to new players from the hottest leagues, there’s a real depth to this team and a real dedication to the real-world game. To create the best experience for fans of the game, a number of new features were introduced in FIFA 20. For the first time in the series history, Coaches will be able to control their team from the dugout – and will play an even greater part in the victory formation, which will be crucial to their team’s chances of winning. For the first time in the history of FIFA, the game will feature real-time celebrations, thanks to a new celebration system which integrates the on-screen player with their real-life counterpart. The various languages of the world are well-represented in FIFA 20, with more than 150 countries speaking at least one of 51 official FIFA languages. United States goalkeeper Tim Howard has been included in the FIFA 20 Ultimate Team. U.S. midfielder Alejandro Bedoya has also been added to the FIFA 20 roster. Set in the brand new stadiums of

Features Key:

- Bring back the true legends with unrivalled control and go-to-the-net gameplay: Chris Smalling, Wayne Rooney and Toni Kroos are back in FIFA 22, and thanks to all-new Player Determination and Team Ability, they deliver fresh, authentic performances; kick, pass, pass.
- For the first time, master every skill with Ultimate Team – genuine, authentic training unlocks to give you the edge and pack your team with the best-in-class players.

-
- FIFA 22 features the most immersive online mode ever – the more you play, the more you’ll have to win.
 - Go all in for every experience with refined gameplay using the world’s most authentic physics on and off the pitch – partnership and passing physics, ground structure, and goal celebrations re-imagined.

What's new in Fifa 22:

- **Go Pro: An all-new Player Scouting mode enables our in-house scouts to uncover your next star. Now, get ready to sign world-class talents like Romelu Lukaku and Paul Pogba. With FIFA Ultimate Team, it's not about how you play the**

game, it's about who you play it with. We're also releasing a new pack of players called 'First XI' - but you'll have to wait for August to find out more.

- **10 Points per League Goal: If you shoot better than your opponents, you should get rewarded. FIFA 22 introduces a new Intelligence system that rewards you for scoring goals, matching your teammates shots and keeping your opponents on the pitch. Points are awarded to your team if you perform well on a specific angle. Have a bad day? Points go down. Play out the whole match? Points go down.**
- **Match Day: The bottom line is, nobody likes viewing dots and crosses without a soccer ball coming into them. When you take part in a FIFA match, a football has to**

come out.

- **Identities: Among our 16 debuting identities you'll find some that you've played in FIFA before. But 12 will be new-to-FIFA. 14 past player identities have made their way back to FIFA 2K18, and FIFA 2K19 will have a further 11 - including the likes of Felipe Anderson, Edinson Cavani, Sergio Ramos, Andriy Shevchenko and Iker Casillas. Plus, we have two all-new identities.**
- **The Journey: The Journey on the FIFA Stadium will now replace the Moments at the end of a Match. Now go to the Journey and challenge your friends to a game of FIFA, challenge them to a Quidditch game, or compete with your friends in a friendly Fireball duel. Take part in live Online Play sessions that let you and your friends see a FIFA 22**

match together with enhanced chat options. Create a Twitter account and you can keep up with all the latest FIFA and FIFA 2K updates.

- **Roles: Take on the role of the mascot, referee, radio announcer or more by making your own animation on the stadiums and playing the role in certain missions. Create a dynamic face for your player by choosing the face tattoos that support your style.**

Player Progression FIFA LIVE creates a more inclusive sports experience for players of all ages. Players can now develop skills to refine their performance and

improve their attributes. Be the Ref: FIFA LIVE features FIFA 2K3-style refereeing, bringing a more authentic feel to our most tactical game modes. Performers Bring the crowd to your football matches with The Journeyman and The Stalker. These special talents complement your team, and help you perform in front of the crowd. What's New in FIFA The World's Best Clubs With FIFA 22, your club is not just your club. The traits you develop as a player will influence your team across the game. New players will feel welcome at your club and club culture will be altered as players develop. Your Ultimate Free Kick Create a new play type with your own free kicks in this short, tactical mode. Your player must hit the ball through a specific area, and

evade a defender to complete the target. Speed of Play Your team enters the pitch in four separate segments, setting the tempo for the game. Play can be controlled in your favour from the off, all while your opponent is reacting to you. New Defenses Powered by Football™'s updated Free Kicks system, defences now react to your free kick placement and presence, creating a more physical experience. New Control Methods In-Maneuvering has become more intuitive, allowing you to take on defenders 1-on-1 in the air. New Passing Create a short-passing game by short-passing the ball in an early game. New Tackles & Interceptions The AI is smarter than ever. Tackles are more effective, and the ballcarrier can be pulled

down and forced to make a decision on his next move.

New Authenticity The pitch transitions better, falling on grass rather than pavement. The pitch also sinks and rises, creating a more natural experience.

New Precision Passing Take the precision passing control to the next level, with the introduction of the pass button.

New Free Kicks Create the play you want, with new customisation options. With the new Free Kicks system powered by Football
