The goal of "HyperMotion" is to create a more realistic and authentic experience for players, creating an enhanced player facing camera system that helps position players in three-dimensional space and create an increased variety of complex on-field movements. The camera system uses motion capture data that was collected during real-life simulations created by EA Sports' field quality engineers. The camera system works by using the data that was collected to simulate the movements of players. As players move throughout Fifa 22 2022 Crack gameplay, their real-life movements are recreated in the game, allowing players to experience these more realistic and dynamic player facing movements. "The camera system uses motion capture data that was collected during real-life simulations created by EA Sports' field quality engineers." Read the full article here: Fifa 22 Crack introduces "HyperMotion Technology," which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay. "It's an elegant solution to this problem. In all of our efforts, we've tried to make sure that what you see and feel in the game is as realistic as possible, and that's just not in the realm of where motion capture can go." "Motion capture is not the solution to this problem," Craig said. "We've been to that place in terms of moving towards something that looks better and feels more realistic in terms of the way football is played." "It's an elegant solution to this problem. What's new:

- **FIFA 22 introduces "HyperMotion Technology," which uses motion capture data collected from 22 real-life players playing a complete, high-intensity football match in motion capture suits. The data collected from player movements, tackles, aerial duels and on-ball actions is used to power FIFA 22 gameplay.**
- **Career Mode - Live out your dreams as both a manager and a player in FIFA 22. Create the newest club in FIFA, design your kits, style your stadium, and choose whether to compete with the elite or rise up from the lower divisions as you manage your club to glory. Or test your skills as a player, with a more immersive Player Career mode that gives you more ways to progress, achieve, and immerse yourself in your Pro's journey through the game.**
- **FIFA 22 introduces weather on the pitch. Patches of rain will appear on the pitch, rain meter will appear above the ball and touchdown will be more difficult. With the ball launching higher from players' hands in the rain, dribbling and aerial duels have more opportunities for creativity and tricks.**

-
- **New broadcast design puts on centre stage all the players, coaches and refs working behind the scenes as you follow Liverpool's thrilling journey to make history at the first UEFA Champions League final match ever played at London's iconic Wembley Stadium.**
 - **New FIFA-Tactic Engine - FIFA 22's in-game tactical systems have been powered by the highly-respected FIFA Football Operations (FFO) Engine that makes sure fans' wishes are transformed into the authentic, high-octane and fluid football gaming experience they have come to expect from the FIFA Franchise.**
 - **FIFA Journey and Touch Home Apps - FIFA Journey will allow gamers to take their EA SPORTS FIFA Ultimate Team collection online and join the footballing community. FIFA Touch Home brings the game home to your living room and adds a brand-new best-ever FIFA gameplay experience on console.**
