FlashQard Crack+ Activation Code With Keygen [Mac/Win]

FlashQard aims to improve and simplify your learning process. FlashQard is an application to learn a new language quickly and simply. Through a method called Leitner System, FlashQard focuses on improving the most difficult flashcards that need you to revise, while still allowing you to focus on the new flashcards that need you to learn. Through the Leitner System, the game will help you learn fast! Based on a new idea, which makes use of the usage of different card types, FlashQard allows you to learn regardless of your learning pace and your speaking speed! The game is divided into two different challenges (Easy and difficult) that help you focus on what you need. Easy Challenge - Learn quickly FlashQard aims to help you learn quickly and easily. Easy challenge has two options (Easy mode and Easy mode + Review cards). FlashQard provides you with only four cards for four different tasks (one word and three sentences). Easy mode - 4 cards What you need to do in this mode is just to get a look at the four cards and then pick the cards that are the most similar to the text that is currently showing on the screen. Easy mode + Review cards - 2 cards You will get twice as many cards than in the Easy mode, which means that you can completely focus on each word and sentence that you need to learn. In this case, you will be given two cards that are most similar to your current text. This will allow you to get an idea about the upcoming word/sentence that you need to learn. Difficult Challenge - Learn correctly FlashQard aims to help you learn correctly. This mode consists of the same cards as the Easy mode but now with a slightly more complicated task. In this mode, a fifth card is given to you! This one is most similar to the fourth card. To learn correctly, you need to pick the correct cards in one of the three four cards. Key Features: - Compatible with iPhone, iPad, and iPod touch - Multiple languages supported: English, French, German, Spanish, Italian, Portuguese and Japanese. - Language Learning mode for all language - Learn quickly and correctly with one tap! - Game Center and iCloud support - Learn a new language without spending too much money! - Can be used as a real tutor with ease! - In depth tutorial that will help you ease your way in the game - Special, very simple and

----- FlashQard is an educational software to improve your learning process. It is designed to help you learn not only a new language but anything that can be learnt! This aim is achieved by using the widely used method, called Leitner System, and the idea of "different card types for different purposes". Leitner System (proposed by Sebastian Leitner in the 1970s) is one the most efficient methods for learning. Which allows you to focus on the most difficult flashcards and not waste your time on what you have already learnt. To teach you the most difficult concepts, FlashQard use dual purposes cards. You can use a fluency card or a vocabulary card. It's your choice. Once you can use a new card type, you are going to learn better in less time! "FlashQard propose many tools to help you in your learning process. To begin with, and to avoid copying cards in the same pile, we propose a concept called "Farfetch'd Collection". It allows you to keep all your cards in a single place, so that you can easier search the cards you need. With "Farfetch'd Collection", you can easy customize and use your own vocabulary. We use keywords and tags, to help you in organising your own vocabulary. It's a very efficient way to learn with FlashQard! FlashQard is the ONLY learning program that propose vocabulary review sessions, to make sure that you memorize your vocabulary. With your vocabulary review, it will remind you what you have learnt! Another great function of FlashQard, is the Multilingual support. The idea is to support you at every level. You can find the translation of the cards you need. You are going to appreciate the very precise and well localized translations you find in FlashQard. FlashQard is an autodiscoverable learning program. It will automatically search for the right cards and the right support you need. No need to worry about it. You just need to launch the program and you can have everything ready to go. FlashQard will learn for you! But with this, it's important to have the right sound. You can listen to your vocabulary or your grammar being learnt. It's really easy to find the right speed and the right pitch of the French and English languages! Other than the dictionaries, FlashQard has a full code editor to help you learn easily. You can edit text, or create new vocabulary. You
