Popular kid's game Hidden Folks, in which you race around a hidden world of people and animals, trying to collect the ones you like. In this pack, we are introducing the mouth sounds of a lot of new characters, such as: BeepBoop03.mp3 Do you hear BeepBoop? Well, meet him and his family. He's into music and plays guitar. Here's the song he plays: Camel03.mp3 Meet this cute guy who has a big carrot between his teeth. His special skill is singing and playing music on the guitar. He's always listening to a song while walking or playing with the three kids he lives with. The sound of him playing guitar is based on the tune by the band Camel. Cat02.mp3 Meet this cheerful cat who loves to play hide and seek. He's curious and loves to explore other people's houses. He's funny and the sound he makes when chasing you is based on the cat sounds from the game Cat's Meow. Dog05.mp3 Meet the new dog in town. He's a friendly dog who likes to share his friends with everyone. He has a soft bark and enjoys playing games with kids. He's curious and silly and loves to chase his puppy friend Goofy by barking, like all dogs. Fart03.mp3 Have you heard the sound of a fart? Well, meet Fluffy, a well-loved pet. He has big ears and big eyes and he likes to fart sometimes. The sound of him farting is based on the sounds from the game Fart Attack, and is synchronized with the fart sounds from the game Fart Attack! GorillaExited02.mp3 Meet Gorilla, the friendly zoo keeper. He loves his zoo and the children who visit him. Gorilla likes to ask them questions and to play games. He's curious and wants to know all there is to know about people. His special sound is based on the horn from the game Gorilla! Help03.mp3 Meet the great green monster who lives in the cave by the lake. He can't be seen and he doesn't like to be scared. He's polite and likes to talk to the kids

18 Wheels of Steel Trailer is back, and this time it's way crazier than ever. With just 2 hours of training, you can be a trucker within 4 days. Here, you'll be able to master your rig, manage fuel usage, find all the assets and complete all the risky deals. The better prepared you are, the more money you'll make and the more money you'll make, the better you'll become at driving heavy trucks, making money, being ready for anything, being the best driver of all drivers and driving for your own gain. - Improve your truck and show off your new load - Make a steady income and try to make a lot of money in a short period of time - Become the best driver of truck drivers and compete against your friends around the world - Travel the whole United States and unlock all the cities Let the show begin: Plan your journey to the border. Select your route according to the map available for free on the game's website. You will be able to choose from seven maps, all with more or less difficult terrains that will require you to come up with different strategies to complete your journey. As soon as you've selected the route, you'll be able to start planning your journey by selecting your truck and choosing your driver. The game offers the choice between the old Heavy Duty, the mid-range Crown, the Super Crate and the brand-new Canibal. Once all of them have been selected, you'll find a range of difficulties for each one. From the Highway to Freeway and everything in between, trucks can be upgraded in order to accommodate more cargo. All the drivers have their own area, which, among other things, can include various upgrades. The largest upgrades are possible in the Workshop, where you can buy new trailers and modify the trucks, increasing their load capacity. A trailer is only usable if you can connect it to a vehicle. Once you've mastered the road, the game can also begin making money. While in the city, you can choose to do a variety of illegal actions in order to earn more money. The truck can already drive as fast as the game allows and you can use that speed to overcome the competition. But it is not enough to know how fast the truck can run. You can also take advantage of the dynamic weather and have more trucks running as well. With it you can add value to your earnings. The truck can be easily damaged, but you can fix them by using the money

On Wheels List The 2017 Chobaniwheel is completed. I hope you enjoy it, even if you don't live in a metropolitan area. We'll be sharing some recipes and sharing the story of this year's batch with you. This Chobani was produced by three Chobani employees who collaborated to give the ride a unique look. These three are Mark Hagen, John B. King, and Justin Jones. Mark Hagen is a peer Chobani leader and development leader and currently works in the food science lab for Chobani. John B. King is the program manager at JB King Custom Tattoo. Justin Jones owns a mobile car detailing company called Jones Mobile Restorations. The three share Chobani employees from all over the country. The inspiration for this annual batch was JB King. Mark wanted to meet JB. After meeting JB the group decided they wanted to include JB and his "Bicycle" in the 2017 Chobaniwheel. The wheel required 1,744 miles of Chobani Food Manufacturing to create the wheel. See more photos and find out how to get your own Chobaniwheel! If you are interested in donating to this round, the day of the event we have a booth setup with food and drinks for your enjoyment on the Chobani lot. The ride has a slight detour to reach the Chobani lot but it really isn't that far out of the way and pays tremendous to the local community. A huge thanks to AWH Sports for the 2018 Chobaniwheel! 2017 CHOBANIWHEEL EXPEDITION RIDE JOURNAL: Sunday, July 16, 2017 – West Palm Beach, FL The ride started with a lot of folks ready and anxious to get started! Chobani employees and guests arrived at approximately 9:00 AM at AWH Sports. The bikes and trailers, loaded with other Chobaniwheelers made their way out to the Chobani lot and loaded up. Once on the lots, fans and journalists made their way to their cars waiting on the road. Everyone gathered shortly before 10:00 AM to where the marshals and pedi crew were ready to welcome everyone. The marshals were busy lifting the kickstands for the Chobani team participants. The owners provided some great banter about the challenge of building a Chobaniwheel. It
