Beset by an unprecedented number of mysterious incidents, the Empire of Elden has been spreading its wings beyond the confines of the Kingdom of Serendia. Although your presence in the Lands Between offers you a chance to begin your life anew, you are not the only one who sets forth from Serendia's borders. Your quest for the true name of the evil soul manifested in the lands surrounding Serendia will expand beyond the confines of the Kingdom, and your influence on the fate of a vast and unknown world awaits you in the Lands Between. Phantom Breaker: Battle Grounds has a lot of small, but important details that add to the game's experience. Some of the more notable additions are: Before we begin, be warned, there are cheats in this guide. You're going to need some of them to get some of the best features out of the game. I'll specify which ones in the text. Chapter 1: The Basics Equip your character with the 4 Boosts and 4 Digits. You can change the boosts to increase a stat by 1, but the boost level doesn't change. Think of them as numbers that will give you stats like Vitality, Magic, Attack, and Defense. The Digits are like a number of attributes. Each one has 20 Levels, or 0-9. When you level up the Digits, the number rises to the right of the Digit box. When you level up a digit you will gain a visual of the stat's level. The rest of your gear comes from the Equipment Shop. You can only change it while you are on a fight, but you can use it across stages. The most important stats to learn are: Parry + Dexterity + Vitality + Magic. The most important stats to use are Parry + Stamina + Magic. Chapter 2: The Trinity The Trinity is the core of the battle system. "Trio" is a term used to describe any unit that consists of 3 people. I'm not going to go into detail about it here, but basically it's a mechanic that involves having a single unit attack multiple times within a short period of time. Chapter 3: Combo System The combo system in Phantom Breaker: Battle Grounds is very unique. Whenever you strike your enemy, you get a Combo Meter. As you gain Experience, your combo will go up and increase the duration of your combos

### Elden Ring 2022

[Nov 20, 2019] 04:25:04 [H] ESCAPE LEAVING THE LAKE OF WINE The slumber of the Eternal Forest has been disturbed. A labyrinthine fortress floats above a private lake, and a large number of monsters have suddenly come out. Their numbers appear to be much greater than that of the previous attack. The mayor requests that you venture out to deal with this critical situation. He also gives you a beautiful dagger with the seal of the Order of the Spirit Dragon. It is said to be one of the "Six Daggers". A Legendary Gem, The Raven Hammer In addition to the Daggers with the seals of the Nobility, the mayor also gives you another item, the Tenebrous Raven Hammer. The Tenebrous Raven Hammer is a legendary gem that has been blessed by a deep gnome wizard. It has all of the powers of the Tenebrous Blade, and it can even turn itself into the Tenebrous Hammer. As you can see, the mayor has gifted you with a variety of weapons that you can use to fight. In addition to the six weapons that you have been able to obtain from various encounters, you can also acquire others by means of the Archaeology System. Source: Gamellust.com Game Institution: After devoting yourself to the Order of the Spirit Dragon and the Ministry of Intelligence, you have received an offer from the government of the demonic "marionette country" of Slan. Your job is to play the role of a negotiator who comes to the country to represent the crown. You will lead the negotiations with the Slan government to conclude a peace treaty. However, the country is thought to be another opponent whose existence is a facade, and they have prepared several "hidden weapons". Feel the Updraft of the Slan Kingdom In this revised version of the Slan Kingdom, you can freely enjoy the unique action RPG experience, including various battles, without the time constraints of story progression. While dialogue progresses from the straight path, battles that involve chivalrous dialogue are shown in the Adventurer's Story. Furthermore, the story and quests are connected seamlessly between the main story and Adventurer's Story. The Monologues of Slan's Gameplay System In the main story, you will be bff6bb2d33
