Q: What exactly is this message, "Property 'name' is a readonly property." Possible Duplicate: Weird Selenium error in VS2010 Why am I getting this error when I'm debugging in VS2010? I have started to work with WebDriver/Selenium in one of my tests and this error start appearing in some classes: Error 7 Property 'name' is a readonly property. I have been able to reproduce this error with any of the following instances: public class TestClass { [FindBy(How = How.Id, Name = "")] public IWebElement NameTextBox { get; private set; } } IWebElement NameTextBox = IWebElement.FindElement(FindBy.Id("")); NameTextBox.SendKeys("Veli"); After some changes to my code, I was able to "fix" this error. I didn't knew exactly where was the problem until I asked my boss and he told me that it

Tom Clancy's Splinter Cell is designed by Red Storm Entertainment and published by Ubisoft Entertainment. The game was released on the PC and Xbox platforms and is rated M by the ESRB. Specifications for Tom Clancy's Splinter Cell Game players can expect to encounter highly interactive environments, player choices, and several different mission objectives. Players will be able to shoot, throw grenades, and execute brutal takedowns on enemies using all sorts of weapons and equipment. The gameplay also features highly dynamic environments where "quests" are triggered by surrounding events, such as a car accident. Players can choose to ignore these "events" or risk survival by reporting the incident to "Intel" (the game's central intelligence collection facility). Players must also choose among four stealth skills: Vision, Silent Movement, Lockdown, and Teamwork to complete the mission. Each skill can be upgraded with the help of an Intel operative to increase effectiveness and "stealth" or vulnerability. The game features online leaderboards. Network-enabled players can compete with players from around the globe through the "Clancy's Umbrella" online service. Players can also compare their scores with their friends and players worldwide, and be ranked according to the number of consecutive days they remain ranked in the top 10. All Tom Clancy's Splinter Cell games are based on the Splinter Cell universe created by Tom Clancy. The first game, released in November 2001, starred Samuel Fisher, a highly trained undercover operative of the National Security Agency. Fisher infiltrated terrorist cells to prevent other acts of terrorism. Suitable for ages 15 and up. Requires a multi-player compatible gaming system and a broadband Internet connection.
