■ Archers' Attack Your attacks are determined by your weapon, so you need to choose your weapon according to your play style. ■ Archer's Attack As shown in the image above, an archer will attack from a distance. He will continuously pierce the enemies with arrows, while an enemies' force increases. ■ Sword Assault An enemies' force increases with each hit, and your attacks will be effective when you are the first to strike. ■ Sword's Sweep An enemies' force increases and an enemies' defense drops. Attack enemies in the rear. ■ The Berserk Attack Hits in rapid succession will inflict a massive amount of damage. ■ Slash Attack Attacks all enemies on a single line. ■ Elite (Giant Boss) They have extremely high defense.
