[Anti-Ban] [NoScrip] [Update] A: There is no such a feature available with Steam version of Dota 2; if you want to record/preview matches, you have to buy the proversion. But, if you download the Steam Beta version - in order to be able to record matches, you have to manually install some mod. You can find the list of mods here. Infection of rats with the trichomonad *Trichomonas tenax* induces an inflammation-like condition of the ileum similar to Crohn's disease. The aim of the current study was to characterise immune alterations in the inflamed gut of rats infected with the trichomonad *Trichomonas tenax*. Rats were orally infected with the parasite for 2 weeks and followed up for 1 week and 5 weeks after the end of the infection. Histological examination showed that the microscopic architecture of the ileum was characterized by immune cell infiltrations such as an active macrophage response, increased lymphoid follicles and lymphoid aggregates, and lymphoid-epithelial atrophy with an increased number of goblet cells. The most notable histopathological alterations were an increase in the number of goblet cells and a reduced number of club cells in the distal ileum. Goblet cell hyperplasia correlated with a reduced expression of the antimicrobial peptide, Reg3 $\gamma$ , in the ileum. The infected rats also displayed increased numbers of intraepithelial lymphocytes, macrophages and neutrophils in the ileum. The present study indicates that oral infection with *T. tenax* mimics Crohn's disease in rats, with a significant increase in the number of goblet cells and T lymphocytes. There are not many choices when it comes to Republicans — they don't have any other options — so they're going to holler at the one guy they think is in charge of the party, the former speaker John Boehner. The first Republican presidential candidate, Mitt Romney, said at a news conference on Monday that the current crop of candidates are not equipped to govern. "The new Republican front-runner is the obvious one to start with, because he doesn't understand the needs of the average American at all, and he never did. I mean, he played to the Washington establishment — and Washington is not going to work for the American people," Romney said.
