Let the developers behind FINAL FANTASY TALES OF, KINGDOM HEARTS, DRAGON QUEST, FINAL FANTASY, FINAL FANTASY XIV, ZEN ZAIBATSU, DRAGON QUEST X, and DRAGON QUEST IV be the ones to tell you: it's amazing. JUNE 27, 2016 OLD AS NEW: The renowned RPG, FINAL FANTASY, will receive a major update with FINAL FANTASY XI. March 25, 2016 Presley Lives On. In Symbolic Costumes for \$2 Million. GANGNEUNG, South Korea — Since 1988, tourists have been able to pay the equivalent of \$2 million to have a piece of the celebrity-filled pop culture icon that is Elvis Presley all their own. Each year, the Presley Museum of American Music offers the chance to take a private tour of the museum that houses the largest collection of Presley's belongings in the world. The tour — which is not open to the public — goes through the properties Presley owned, including Graceland, where he lived and died in 1977, and three other houses. For \$1,963, visitors can be in the presence of a replica of Presley's famous jumpsuit. For \$2,813, they can don a replica of his "fascinator," a type of fur hat that, in its bandana form, was worn by Presley during his era in the 1950s. The two-piece jumpsuit and facinator are the most expensive items in the museum's gift shop, and others, like a model of the famous Graceland's stairs or one of Presley's guitar pickups, can cost much less. The Elvis travel industry never recovered from the singer's death in 1977. T-shirts and posters with the silhouette of the King have long sold for \$10 to \$20 on the Internet, and the combined worth of about 4,000 items that remain at Graceland totals \$1.5 million. But the businesses around the Presley brand are hoping that the story of the struggling musician will surprise everyone once again and lead to renewed interest in the King of Rock 'n' Roll.

IGN. 2½/4 IGN & GameSpot (www.IGN.com) (07.27.11) 50 Metascore This massive game is mostly gorgeous, but its RPG elements bring it down. 99 Metascore ArenaNet 2/4 A flawed game with an average online mode. 80 Metascore The best tactical RPG around. 3/4 Polygon 2.5/5 Its story, cast, and content are full of enough intrigue to make it worth playing, but as a game it fails to consistently provide a strong enough reason for you to keep going. 2.5/5 Giant Bomb: "The classes are varied and fun, the world is fascinating and complex, and the story is engaging... On the whole, the game has a powerful atmosphere and a lot of depth to it. The characters are real and the story engaging, but there aren't nearly enough hours in the game for this to become a memorable experience." It's a self-conscious game that takes small, neat satisfaction from "making up" rules. It's an in-joke game. 68 Metascore The best tactical RPG around. 3/4 "Even if you have no interest in Lord of the Rings, the game world is beautiful, with a world that's a loving representation of Tolkien's Elvish land of Beleriand. The world contains a large number of places to explore, the battles are exciting, and the loot and crafting system has some

complexity. Most of all, it feels like an Elder Scrolls title." (09 bff6bb2d33
