It becomes very noticeable that he is a "useless" (or worse) side character. As a related note, Bumblebee's design started becoming part of the overall backstory of Transformer fiction. The movie itself has a very heavy focus on the story of Bumblebee, and sets up his arrival on the scene as being prior to the arrival of the rest of the Autobots and Decepticons (and, of course, prior to Megatron). It's a e79caf774b
