I've been using jQuery UI tabs for awhile now and it's worked great for me. I was given some code that uses tabs, I tried to use it on a new site I was working on and I broke it. I can't see what I did wrong. Is there some documentation on how to use tabs with jQuery and what they expect on a given page? Here's what I'm using (which is exactly what the other guy got working): 1cdb3666d
