Teaming A player is paired with a compatible multiplayer character created by another player. Interstellar teaming is a term used by advanced players to describe the ability to interact with more than one character using the same screen. Interstellarpedia has more about Interstellar Teaming. Classes Character Creation Character creation in Starbound is very similar to the process in the original Terraria. The player rolls a handful of tiles to create a

character. When the player rolls a tile of a certain number of a type of tile, the character will create the corresponding class. Some classes have bonuses and disadvantages.

Character classes Some classes are available in the game. Engineer Player can create upgrades for their army. Engineer is a versatile class. It has the abilities of all the classes, plus the option of upgrades. Soldier Player can create upgrades for their army. Soldier is the basic

---

class of the soldier class. It is a generalist that will perform well against all enemies.

Sorcerer Player can create spells. Sorcerer is one of the most powerful classes, it has all the strengths and weaknesses of the other classes. Being a sorcerer increases a player's damage and causes long range damage, but it also decreases a player's damage and causes short range damage.

Somnambulist Player can create potions. Somnambulist

---

is a class that is good at finding food, but also very light and useless when fighting. Q: Как с помощью javascript получить input
