To reset, push the lever again. See also repair tips on page 98. See also parking brake procedure, page 98. The Mercedes W203 is a four-door front-wheel-drive (FWD) four-seater, formerly marketed as the E-Class. It is the fifth generation of this model, being the successor of the W202 model and hence the sixth generation of the E-Class. The current generation E-Class is in its sixth generation and the seventh generation is planned for 2020. The W203 came in five generations until its discontinuation as a model series in August 2013, while the E class has had 13 generations since it was introduced in 1931.
