July 11, 2561 BC " (Color list not yet in Garage Editor) I thought that's it... I chose GT5 Garage Editor v1.3.1 by slim355 .. After launching the editor, I saw that there are two color options: red (Red) and white (White) ... I thought it must be right and then I started looking further. Red has been chosen. In the end, I gave up and used white for my car; at least it looked like it. I think it made sense to me since it was only a few days ago when I made my first car in the garage. I can't wait to see what happens.

This is the open tutorial to the gta 5 xtreme cars editor gt5 garage editor v1.3.1 slim355 and q-k it should work with a not so high ps3 gta 5 scene editor gt5 garage editor v1.3.1 by slim355 & q-k Changing the author Rabbid76 Real quick question. does he gain speed going from the tunnel to the tracks? And are the red cars pre-1.3.1 or not? InnerEye 27 May 2010, 10:03 PM does he gain speed going from the tunnel to the tracks? You can do an instruction screen and test it with the open editor. You should be able to get away with the tunnel to tracks being faster than the tunnel to the freeway, but I haven't tested this. Rabbid76 27 May 2010, 10:53 PM you have some good tutorials im going to check them out. EDIT: i cant get it to work. Slim360GTA 27 May 2010, 11:16 PM You can do an instruction screen and test it with the open editor. You should be able to get away with the tunnel to tracks being faster than the tunnel to the freeway, but I haven't tested this. Actually the old instructions were wrong. I couldn't test this since the project hadn't been finished yet [b]EDIT - : I've managed to test the instructions and it works. Slim360GTA 27 May 2010, 11:19 PM You have some good tutorials im going to check them out. EDIT: i cant get it to work. I did mention that its possible to use the editor later (if you have time) [b]EDIT - : I've managed to test the instructions and it works.
