### ios Soft Dev Pack

IsOS Soft Dev Pack Issue. Hello everyone I am trying to use this program to erase the version of Iphone 4 I got on ebay that person hasn't logged out of my... I have read the installation guide but there is no folder named 'Soft Dev' in my folder as on desktop and in the root directory. When I try to compile and run I get the following error: Soft Dev Pack 1.10.0rc2 is missing a configuration file. Soft Dev Pack 1.10.0rc2 requires one of these configuration files to function properly. For more information, see the download.log file on the Installation/Installation-Release/SoftDevPack/SoftDevPack/SoftDevPack.log file.
